

THRILL OF THE HUNTER

“Not Another Boring Hunting Show”

Hunting isn't just a sport, it's a game of respect.

It's a code of ethics that exist between the hunter and their prey

It's not just about a trophy – It's everything!

The guns, the gear, the knowledge, the skill, the training, the handling, the cleaning, the preparing and the eating of your game.

Nothing ever goes to waste!

We have fun doing it and showing you how to do it too!

We don't half ass it here – we cover it all.

This is what's it like. This – is “Thrill of the Hunter”

CONCEPT

The Thrill of the Hunter (TOTH) is an action-packed, educational, outdoor experience for the viewer to be entertained while also receiving informational content about each hunt or fishing trip.

TOTH is a fast-paced hunting show that's entertaining for everyone, and for hunters of all experience levels to enjoy and learn something.

What sets this show apart? Most hunting shows today are burning air time with watching the grass wave in the distance, unnecessary slow motion or filled with boring chit chat.

We deliver the meat and potatoes!
